MILBY SCHOOL, SATURDAYS 9.45 – 10.45

St Nicolas School of Soccer caters for Children who wish to learn, develop their skills and take those all important first steps towards being like their footballing heroes.

The School looks to attract children from the age of 4, whatever their ability. Once a Child arrives he/she is placed into a class with children their own age.

The early years are all about promoting good practices and simple ball skills, whilst making the classes fun and enjoyable but more importantly seeing young children enjoying the sport with smiles on their faces.

As the Children progress, then so do their activities with the introduction of Passing, Dribbling, Turning, Shooting and then the final progression which sees team building in a match play format, eventually leading them towards entry into Junior League football.

You can be totally assured that your child is in safe hands, as all coaches are CRB checked and First Aided Qualified. All coaches have attended Child Protection Courses and hold FA Coaching Certificates.

If your child is showing an interest in football and can't wait to try an activity that will see him/her meet new friends and learn a wide range of skills, then why not try St Nicolas School of Soccer.

The first session for all new starters is free, with all classes in the early years being subsidised by the club and costing just £5 a month.

On joining the School all children are provided with a free School of Soccer Training Shirt and all we ask in the interests of safety, is that every child wears shin pads and appropriate footwear.

The first session is absolutely free, so why not give it a go and give your son/daughter the chance of being a future footballing star.
